PROFESSIONAL SUMMARY

Creative and motivated Frontend Developer with a strong focus on modern web design and AI-integrated UI trends. Skilled in React, Tailwind CSS, and animation libraries, with experience leading frontend in full-stack projects. Passionate about building sleek, responsive interfaces and staying aligned with the latest in web and AI technologies.

EDUCATION

Galgotias University, Greater Noida

Bachelor of Technology in Computer Science and Engineering

Sep 2023 – Sep 2027

- CGPA: 9.5
- Completed key projects using Java, Spring Boot, React, Spring AI.
- Active participant in technical clubs and coding contests.

RELEVANT EXPERIENCE

Team Lead & Frontend Developer

Oct 2024

- Led a 4-member team in the "Code Astra" hackathon to deliver a working web solution within 48 hours.
- Developed the frontend using HTML, CSS, and JavaScript, focusing on clean UI and responsiveness
- Reviewed team members' code and ensured integration across all modules.
- Gained experience in peer collaboration, task delegation, and real-time problem solving under pressure.
- Strengthened leadership skills by driving progress, resolving conflicts, and maintaining project direction.

PROJECTS

Java Full Stack E-commerce Website

Team Project – Java, Spring Boot, MySQL, JavaScript, GSAP, Scroll Trigger, Lenis

- Built a fully functional e-commerce platform using Spring Boot for backend and MySQL for data handling.
- Led UI development in a team of 4, implementing advanced cart functionality with JavaScript.
- Ensured seamless integration between frontend and database for product listings and transactions.
- Enhanced user experience with smooth animations using GSAP and ScrollTrigger, and added smooth scrolling (Lenis).

AI Image Generator Platform

Solo Project – React, Flux-dev API, UI/UX Design

- Create an AI-powered image generator using Flux-dev and Flux-dev Pro models to generate high-quality visual content.
- Designed a responsive and accessible UI with both dark and light themes for modern visual consistency.
- Focused on clean user interaction and intuitive layout for seamless usage across devices.

SKILLS

- Web Tech:** HTML, CSS, JavaScript, React, Tailwind CSS
- Programming:** Java, Python, C
- Tools:** Git, Figma, Canva, Blender
- Animation Libraries:** GSAP, Scroll Trigger, Lenis, Split Text, Flip

CERTIFICATIONS

- 100 Days of Python Expert – GUVI
- AIML Virtual – Google
- Interactive Chatbot – Hack2Skill
- Data Visualization, Data Analytics – TATA

EXTRA-CURRICULAR ACTIVITIES

- Member of the Web Development Club under the Student Council, actively contributing to collaborative tech events.
- Rising content creator on YouTube and Instagram, regularly posting tutorials and breakdowns of modern, trending web designs and complex UI animations.
